The Community Built for Life®
A Message from Patricia G. Will,
Founder and CEO of Belmont Village Senior Living

I hope we can answer your questions as you move forward with the very important decision to join a senior living community.

A number of years ago my family searched for the right community for my mother-in-law, Josephine Will. In the end, we were unable to find a community that met her need for support and our family’s expectations for quality and value. The experience led me to question how I might use my abilities as a businesswoman to improve this situation, addressing the needs of seniors as they age.

Belmont Village was founded to provide a way for seniors to lead happy, self-directed lives in a supporting community, one that offers good value and has been designed from the ground up to be sensitive to senior living. To help shape our communities, we have been guided by leading university experts in the fields of gerontology, architecture, hospitality and dining, and healthcare. We have also used input from seniors and their families as a blueprint for community and program development.

The fruits of our efforts have been gratifying and we are enjoying enthusiastic response across the United States. I am particularly proud of the success of Circle of Friends’, our innovative memory and brain fitness program, which received national recognition at the prestigious George Mason University Healthcare Quality Improvement Awards.

On a personal note, I am pleased to say that 10 years after our initial search, Belmont Village was here for Josephine’s husband, Ed Will, when he needed support. His time at Belmont was filled with new friendships and pursuits, including a talent for singing, which he revealed and shared with friends around the piano in the Belmont Village great room.

If I could leave you with a final thought, it would be that we build Belmont Village communities not just for others, but as places where we ourselves would choose to live in our elder years.

Warmest regards,

Patricia G. Will

The Center For Life Enhancement (CFLE) is our professionally managed on-site fitness center which offers wellness programs, fitness classes and equipment designed to support a wide range of abilities, making fitness fun and accessible.

Professional Supervision
To ensure the highest quality and safest program of our residents, the CFLE is staffed by fitness specialists who design exercise plans based on residents’ medical needs and history, and are available to answer questions and assist residents in their fitness regimens during regular operating hours or individual appointments.

Therapy Services
Belmont Village partners with area professionals to provide physical, occupational and speech therapies by licensed practitioners at all of our communities. Our collaborations allow us to offer a high level of rehabilitation services to enhance residents’ quality of life, improve overall level of adjustment and nurture independence.

Specialized Training Equipment
Our state-of-the-art facility is designed specifically for seniors and includes the following equipment:

- **Strength Training Equipment** - Strengthens all the major muscle groups
- **Platform Mounted Parallel Bars** - Utilized for assisted walking therapy and upper body strengthening
- **Seated Steppers** - Improve aerobic function in seated positions
- **Treadmill** - Designed for walking with less impact
- **Stability Balls, Balance Board, and Foam Rollers** - Improve balance and joint stability, prevent falls
- **Medicine Balls and Strength Tubing** - Improve muscle strength and range of motion

“We saw the old sparkle return to our mom’s appearance.”
- Belmont Village Family
The Center for Learning (CFL) is a unique educational program based on university research and created to achieve two important objectives: staff training and enrichment for residents.

Staff Training
Belmont’s continuing education programs ensure that our staff is ready to meet resident needs with compassion and skill. Employees use the customized, highly interactive software in the CFL to complete extensive coursework in the areas of hospitality, Alzheimer’s disease and other dementia, safety, leadership, senior awareness and technical skill development.

Enrichment for Residents
Staying active and involved while learning new skills helps maintain, and even enhance, mental function. The CFL provides a user-friendly computing environment designed to help residents discover fun, new ways to learn and communicate. Residents can stay in touch with friends and family with a private e-mail address, surf the Internet, play stimulating computer games and much more.

It’s easy with our unique enhancements:
- High-speed computer and Internet access
- Large, easy-to-read 19” LCD screen
- Large typeface on keyboard, designed for easier viewing
- Scheduled on-site help for beginners
- Access to color printer and easy-to-read user guides
- Special desktop menu with preset links to user-friendly websites, e-mail, games, and programs

“It was like coming home again.”
- Belmont Village Resident
Several years ago, Belmont Village developed Circle of Friends, a first-of-its-kind, comprehensive and therapeutic program designed to support the needs and abilities of our residents with Mild Cognitive Impairment (MCI) or early to moderate memory loss. It is a structured, seven-day-a-week curriculum of mental and physical activities focused on building cognitive reserve to maintain brain function. The enhanced, daily calendar engages the six domains of mental fitness — critical thinking, memory-body movement, learning, sequencing, long-term memory and problem solving. Activities are customized to ability level and held in small groups to encourage socialization and strengthen self-esteem. Residents continue to live in their senior living residences, dine in Josephine’s Kitchen®, and enjoy regular social activities and outings.

Circle of Friends is founded in research and is one of the only evidence-based programs for memory care in Senior Living. We regularly evaluate and refine the program based on what works for our residents, using tools developed in consultation with Vanderbilt University’s Center for Quality Aging. Circle of Friends is the recipient of the George Mason University Healthcare Quality Improvement Award and the Argentum Best of the Best in Memory Care Award.

Program Highlights

- Designed specifically for residents with Mild Cognitive Impairment (MCI) or early to moderate memory loss
- Grounded in research to enhance mental and physical fitness, creativity and reasoning
- Evidence-based with ongoing evaluation by a nationally-recognized gerontologist
- Daily mental workouts engage 6 mental fitness domains
- Personalized activities adapted to create the “just right challenge” for each resident
- Programs and training designed in-house for quick response to changes in research and resident preferences/needs
- Conducted by a dedicated Activity Assistant, supervised by a Memory Programs Coordinator
- Includes shared dining at Josephine’s Kitchen®

TIPS FOR CHOOSING A SENIOR LIVING COMMUNITY

Important questions to ask in your search for the right community

STAFFING
- Is there a licensed nurse on-site 24 hours per day?
- Is the staff trained? Do they receive ongoing in-service training?
- Does the community perform background checks and drug screens?

FOOD SERVICE
- Are there three, high quality, nutritionally balanced meals a day, 7 days a week?
- Is there a menu with a variety of choices for each meal?
- Are special diets an option?

ACTIVITIES
- Are there organized activities: exercise, computers, social events, and outings?
- Is there a dedicated activities coordinator?
- Ask to see an example of an activities calendar.

ATMOSPHERE
- All staff should warmly greet you and residents should appear comfortable.
- The community should be spotless with no unpleasant odors.
- Is it easy to get around and accommodating to wheelchairs and walkers?
- Pick a place where you would want to live.

TRANSPORTATION
- Is transportation provided for activities, errands, doctor visits, or worship?
- Is it provided seven days a week?
- Is there a fee?

MEDICATION AND HEALTHCARE SERVICES
- Is there an individual written care plan for each resident?
- Is there a nurse on-site, around the clock in case of emergencies?
- How are medications managed?
- Are on-site therapy services available?

LICENSED
- Make sure the community is licensed by the state to provide the care you need.

ALZHEIMER’S DISEASE
- Does the community have a dedicated program for residents with memory loss?
- Does the staff receive special training?

COMPARING SENIOR LIVING COMMUNITIES

A checklist to help you find the community that best fits your needs

It’s best to visit as many facilities as you can to get a sense of the choices. Narrow down your selection to the top two or three choices, and return to those facilities. Ask questions. Consider the convenience of the location. Speak with residents and staff. Eat a meal. Visit at different times of the day and weekend. Use this checklist to compare communities.
