A PUBLICATION OF BELMONT VILLAGE FOR RESIDENTS, STAFF, FAMILY AND FRIENDS

HAPPY HOLIDAYS!

This time of year is always a favorite. This year, more than ever the holiday spirit is in. I have seen people putting up their Christmas trees in early November, and I love it! I believe with the challenging year the world had, everyone is ready for a positive change and we are hopeful the holidays can fill our hearts with lots of joy. At Belmont Village, we celebrate the holiday season as soon and as long as we possibly can. We are blessed to be able to celebrate with the attitudes of earlier generations for old-fashioned fun.

We know the many ways we can keep holidays joyful and yet keep them simple. We can bake from scratch, make our own holiday cards, share old memories, listen to holiday music, drive around to look at Christmas lights or fill our bellies with seasonal favorites. Last and most importantly, the holidays are a wonderful time to give back to others. I am forever grateful for the staff at Belmont Village. The employees continue to give their hearts and dedication each day to the residents. As you can see in the photo below, we do have heroes working here! If you would like to give to the employee holiday fund and need more details on it please reach out to me directly. This year brought many difficulties, but I do believe there are so many blessing still amongst us.

I hope you find time to reflect on all the good still amongst us this holiday season. We treasure our residents, staff, and families.

Happy Holidays to All! May you be healthy and safe this holiday season.

Love, Ashley

CHRISTMAS MUSIC

"Santa Music associated with Christmas is thought to have its origins in 4th century Rome and, Christmas Carols, in the English language, first appeared in 1426. In the 16th century, various carols are still sung to this day, including "O Christmas Tree," "God Rest You Merry, Gentlemen" and "Twelve Days of Christmas," first emerged.

While most Christmas Songs, prior to 1930, were traditional character, the Great Depression brought a stream of songs of American origin aimed at children. These songs included, such tunes as "Rudolph the Red Nosed Reindeer" and "Santa Claus is Coming to Town"... also came the sentimental songs "Have Yourself a Merry Little Christmas" and "White Christmas" of which remains the best selling single of all time! IT'S THE HOLIDAYS! YUM!

It is that time of year again when we start celebrating the holidays, and often, that means eating all those delicious foods we've come to expect and love-in abundance. After all, you may only get them at this time of year. However, as one gets older, their metabolism slows and they don't need as much food to maintain good health. Following are some tips to help you enjoy all the fabulous foods that the holidays offer, without experiencing the effects that those foods can have on you.

Continue to drink plenty of water. Water not only helps to flush toxins and cleanse the body, but it helps to make you feel full if you drink some prior and during the meal.

Avoid heavy meals, especially at night. Instead of taking a nap after a large indulgence of food, take a stroll. It helps with digestion and just feels good.

Maintain your sleep pattern. Often, we end up staying up much later than usual, but this can wear on the body and will make you feel more fatigued during quality time with friends and relatives.

Watch the salt and carbohydrate intake. Who doesn't love a good roll, or two? Enjoy a little, but realize that overindulgence of both of these things can lead to pain and swelling in joints and muscles.

Lastly, enjoy the time of the Season! Bringing joy to others with a smile, is a gift we can all give. Happy Holidays!
